COMMUNITY NEWS & UPDATES

Make a Splash: Enjoy Year-Round Pool Fun and Fitness

Living in Hawaii means enjoying warm weather year-round, and one of the best perks is access to our community pools at **Radford Terrace, Halsey, Hukulani, Moanalua, McGrew Pt, and Pearl City Peninsula**. While others are braving the cold, we have the perfect conditions to swim and stay active all year long. Here's why you should take advantage:

1. **Swim Year-Round:** Our pools are open daily except for maintenance days, so you can enjoy a swim no matter the weather.
2. **Great Workout:** Swimming offers a full-body workout with low-impact benefits, helping you stay fit and active, especially during February's Heart Health Month.
3. **Relax and Unwind:** Whether swimming laps or lounging poolside, our pools are the perfect place to relax and enjoy the Hawaiian sunshine.

Take advantage of this wonderful amenity and enjoy paradise while staying healthy! See you at the pool!

MAINTENANCE

Did you know you should change your AC filter monthly? However, if you are a pet owner, it's even more important to change your AC filter at least **twice a month**.

Here's why it's crucial for pet owners:

1. **Pet Hair & Dander Build-Up:** Pets shed hair and dander, which can quickly clog your AC filter. A clogged filter forces your AC to work harder, leading to higher energy costs and reduced cooling efficiency.
2. **Improved Air Quality:** Changing the filter regularly helps keep your indoor air clean and free from pet allergens, making your home more comfortable for everyone.
3. **Extended Lifespan of Your AC:** A clean filter reduces strain on your system, helping it run smoothly and potentially extending the lifespan of your AC unit.

Pro Tip: Set a monthly reminder to check and change your AC filter—twice a month if you have pets. This small change makes a big difference in maintaining your system's efficiency and air quality.

Stay cool and comfortable!
