COMMUNITY NEWS

Exciting Updates: New Playgrounds and Park Upgrades Coming Soon!

Last month, we shared that Hunt will be building a new destination playground near the Halsey Community Center, along with a painted play pad on Bridges Street. Additionally, a new playground will be installed at the Hokulani Community Center, and the basketball court will be resurfaced.

As part of this process, we will be removing some older parks in disrepair to make way for these new destination parks and play areas.

Starting in March, we will begin demolishing the following:

Halsey Demos:

- The current Community Center playground
- The playground near 770 Sibley
- The playground next to 2863 Anderson
- A new destination park and painted play pad will be coming to the Community Center

Hokulani Demos:

- The existing Community Center playground
- The park at Main and Casey
- The skate ramp and pavilions
- A new playground and resurfaced basketball court will be installed at the Community Center

COMMUNITY UPDATES

Streetlight Repairs Update: Working Together for a Safer Community

We are aware of numerous streetlights throughout Radford and Halsey. We are working with NAVFAC to get these completed and they have been escalated to a priority list. Please remember to report any lights out to our maintenance team so we can create a work order for NAVFAC and it helps us track it and follow up. Thank you for your help and patience and please know we are working hard with our partners to get these lights fixed.

MAINTENANCE

Report a Broken or Missing/Stolen Trash Bin

Did you know that you can call the city to replace your broken trash bin?

For broken carts, contact the Honolulu Collection Yard at 808-768-5990.

For missing or stolen carts, call HPD at 911 and report it as a non-emergency. Once you have the report number, call the Honolulu Collection Yard at 808-768-5990.

What Not to Flush

We've received an increase in calls about inappropriate items being flushed or poured down toilets. Please remember, only toilet paper should be flushed.

Flushing the wrong items can lead to clogged sewer lines, which may cause expensive backups in homes. Please share this information with everyone in your household.

RESIDENT FEEDBACK ★★★★★

We are grateful for your reviews and surveys! Our maintenance team is often the star of the show (and could be a half time show) themselves; they are so awesome!

See what this resident had to say-

"Came in the middle of the Super Bowl!! Super respectful, professional and awesome!!! Saved the day (and the game)!" – OMC Resident
